

GREAT LINFORD PRIMARY SCHOOL DISABILITY EQUALITY SCHEME 2007-2009

Introduction

Great Linford Primary School is committed to enabling all young people to achieve their full potential, academically, emotionally, physically and spiritually. In particular the school recognises its responsibility under the Disability Discrimination Act which prevents discrimination against disabled people in their access to education.

The Governing Body, therefore, recognises its duty:

- not to discriminate against disabled students in their admissions or provision of educational services;
- not to treat disabled students less favourably;
- to take reasonable steps to avoid putting disabled students at a substantial disadvantage;
- to publish an Accessibility Plan.

To inform the content of the following plan, the Governing Body has sought comments from the pupils via the Student Council, parents and the wider community via the School Newsletter and website.

The Disability Access Plan

The plan aims to improve access to all aspects of education at Great Linford Primary and is organised in a way that helps to remove any existing barriers to pupil learning. It also aims to look positively at ways in which existing difficulties can be overcome. In this way the school is showing its commitment both to the school members and to the wider community based on the promotion of self-respect and respect for others.

The plan has three inter-linked elements:

- Improvements in access to the curriculum by:
providing for all pupils a curriculum which is appropriate to their needs.
ensuring that the curriculum is delivered in such a way that all pupils, regardless of any impairment, may benefit fully from it.
- Physical improvements to increase access to education and associated services by:

ensuring that the school buildings and grounds are fully accessible to pupils with mobility, sensory and other impairments. providing appropriate educational equipment and physical aids to ensure that educational programmes in the school can be fully accessed by all pupils.

- Improvements in the provision of information in a range of formats for disabled students by: Providing for students and their parents/carers, information about the school and its curriculum in a format that takes account of any disabilities.
